# PRESSing NEWS

August 2022

Our Associate Spotlight this month shines on Daniel Jones, who has been a member of the Valco Team since July of this year. Daniel was born in Springfield but raised in Urbana, Ohio. He attended Urbana schools and graduated from Urbana High School (Go Hillclimbers!) in 2003. While in high school he played varsity basketball and baseball. He is a member of the basketball's 1000-point club of which there are only 5 other members.

After graduating high school, he started working construction with his father who owned and operated American Home Repair. They became general contractors and did both remodeling, as well as, new home construction. After six years of being in the construction business, Daniel took a job with Colepak in Urbana as a team leader supervisor. Colepak manufactures pads and die-cuts from chip-board, corrugated and plastic materials. After seven years with Colepak, he joined Robinson Insulation loading, delivering and unloading drywall to a wide variety of customers and locations. Luckily for Valco Daniel decided to join our team. He is currently working in the sawing department, as well as, doing assembly work.

Daniel is the proud father of three children ages 19, 16, and 7, all who live in Urbana. During his free time, he enjoys fishing, detailing cars, and first and foremost spending time with his children and other family members.

We are thrilled to have Daniel as part of the Valco Team and look forward to working with him in the months and years ahead.

## Making Valco a Safer Workplace!

On August 1, Valco and A&E team members received three hours of First Responder Training. The training was performed by HTH Safety Solutions.

Each participant received a Certificate of Completion which is valid for 2 years. The course covered Adult CPR/FA/AED. Everyone was trained to recognize and care for a variety of first aid emergencies such as burns, cuts, scrapes, sudden illness, head, neck, back injuries, heat and cold emergencies, and how to respond to breathing and cardiac emergencies. We thank the following team members for volunteering to take this three hour training session and for helping to make Valco and A & E a safer place for all of us to work.

Speical thanks to:

Josh Dennin	Thomas Kane
Joe Guinn	Cohl McClung
Tim Denney	Micah Hanks
Megan Watson	Jordan Shingler
Trevor Barlowe	Rahn Poole

July 28 was our annual Kona Ice Snow Cone Day at Valco! It was a perfect day to take a break from work and enjoy a snow cone or two or three of our choosing.

It is always great to have the Kona Ice Truck here and to be able to enjoy their refreshing and enjoyable snow cones. Here are a few pictures of Valco folks enjoying themselves.

## WE WILL BE CLOSED LABOR DAY

A reminder that Labor Day 2022 will be taking place on Monday, September 5th. This will be a paid holiday for all Valco associates who have been with us for at least 90 days. We will be returning to regular production hours and schedules on Tuesday, September 6. Labor Day is unfortunately the last summer holiday of 2022. Hopefully, the weather will cooperate to help make it an enjoyable holiday weekend. Be safe, smart and stay healthy out there.

## Welcome TO THE TEAM!

Caden Crissinger who started on May 23 and is part of our welding department.

Craig Bishop who started on July 25 and is part of our first-shift grinding department.

Hannah Lowry who started on August 8 and is part of our order entry/customer service department.

It is great to have Caden, Craig and Hannah as part of the Valco Team and we look forward to working with them in the months and years ahead.
